Hi Amy

BOTH need significant updating. I expect them to be ready for review in January unless more items come over the transom.

Annie

Subject: PSLT and Surfactant Paper

Hi All,

I'm working on my end of year goals/achievements and wanted to check in on the status of the PSLT polymer paper. Any updates?

Also I know we wanted to hold the surfactant paper so it's published alongside the PSLT paper, but in the interest of making sure the review doesn't become dated, is it worth publishing that one now?

Thank you,
Amy
